camRade rainCover Mini

Name: camRade rainCover Mini

SKU: CAM-RAINCVR-MINI

EAN-13: 8718591673290

Short description

Universal rain protection cover for small handheld photo/video/film and mirrorless cameras, which includes a lens extension and storage pouch.

Long description

Protect your compact camera setup against inclement weather with the camRade rainCover Mini. It is an absolute must have that will prevent water damage to your most valuable piece of equipment.

Through years of experience and working closely with multiple camera operators, camRade has improved their designs to perfect solutions for multiple applications. The rainCover Mini is one of the unique products from camRade, it is simple to use and compact.

Durable and functional design

Always carry the camRade rainCover Mini with you so you do not get caught out when the weather turns. The body cover together with a lens extension is supplied in a waterproof zippered pouch, which you can use to store and transport the cover when not in active use. It is easy to attach and detach the cover, thanks to the convenient design. Breaking down your setup when a storm is coming, or pausing a live production is a thing of the past with the rainCover Mini. The transparent vinyl fabric on the front and top gives you all the comforts of operating the camera, while remaining protected.

Clamps around the lens or lens-hood

Thanks to its 28 cm / 11" rubber strip, the rainCover fits correctly on most compact lenses. The strap supplied with a hook-and-loop fastener makes it possible to tighten the cover on the lens(hood) but allows you to operate the lens. The supplied zippered lensC M extension, covers and protects longer lenses.

Easy access to what is important

Openings, closed with high-density shock cord, on both sides, give you easy access to all essential parts of your camera. The transparent window on top and at the back of the cover, allows you to have a clear view of the camera's display. A vertical hook-and-loop fastener on the top of the cover gives you the option to use a top handle or other accessories such as external monitors, lights, wireless or audio devices.

Why camRade?

camRade was established in 1998 and has an extensive track record of protecting broadcast and film cameras. Since the start of camRade, the team of people behind the brand have continued to work closely with several audio and camera operators, broadcasters, and rental companies. Today we can say that we are the consolidated world leader in camera protection.

Why do I need a camRade rainCover?

Imagine how you would feel if your camera stopped working. A camera with water damage could be considered a total loss if the repair costs are too high. What if you could have prevented this by using a camRade cover? Your camera is often your most valuable piece of equipment while gathering news or during field productions. The durability and unique features of the rainCover Mini will protect your investment in a way that plastic bags and other cheap covers cannot.

Highlights / Unique Selling Points

Thanks to the amount of transparent material, it is possible to see and operate the camera's LCD screen.

Spacious interior to hold the camera including rig, cage and/or top handle.

The option to expand with longer lenses thanks to the camRade lensC support.
