Disclaimer

Statement

1. Please read these instructions.
2. Please pay attention to all warnings.
3. Please follow all instructions.
4. Never operate the device near heat sources such as radiators, heaters, stoves, or other heat generating equipment.
5. Only use accessories and parts specified and provided by the manufacturer for QooCam 8K.
6. All maintenance should be conducted by the qualified personnel. Repairs are required in case of any types of damage to the device, for example, power cord or plug damage, liquid or object falling into the device, or getting wet in the rain or dampness, or failure to work or falling.

Camera Security

Warning: If you fail to take the following precautions, you may be seriously injured or killed by the electric shock or fire disaster, or your QooCam may be damaged:
Please check before using the camera and accessories to make sure they are intact. For security, only QooCam accessories that are provided with the device or genuine ones purchased can be used. Using any other parts, accessories, or chargers not recommended by Kandao may result in fire, electric shock, or causalities. Damage caused by the use of unauthorized accessories or parts is not covered by the warranty. To learn about approved accessories, please visit the Kandao website:
www.kandaovr.com

1. Never touch the plug or charger with wet hands while the camera is being charged. If you do not follow this warning message, electric shock may occur.
2. Do not place or fix this product onto an unstable surface. Failure to observe this precaution can result in the product loosening or falling off, thus causing an accident or damaging the camera.
3. If you use an external power connection, please follow all safety guidelines for third-party powered devices.
4. The QooCam 8K camera lens is made of glass. If the lens is damaged, please be careful to avoid scratching by broken glass. Keep it away from children.
5. The temperature of the camera will rise during operation, which is a normal phenomenon. Please be careful not to use the running camera to contact children or any other temperature sensitive objects, so as to avoid injury. If you think the temperature is too high, turn off the camera and let it cool down before using.
6. This product is not a toy and you are solely responsible for complying with all local laws, regulations and restrictions.
7. Do not use QooCam 8K for unauthorized monitoring, secret photography, or in any other way that violates personal privacy laws. Under normal circumstances, it is strictly forbidden to use the camera for such purposes; otherwise the operator may have to assume major responsibilities and suffer from criminal lawsuits.
8. Cautions: Do not place the camera in extremely cold or extremely hot environments. Extremely cold or extremely hot conditions may shorten the battery life or cause the camera to temporarily malfunction.
9. Warning: There is no protection for the 2 lenses of QooCam 8K, which may be easily scratched. It is recommended to always store the QooCam 8K in the attached lens protective cover and avoid placing the lens on any surface. The lens scratch is not covered by the warranty.
