

SHIMBOL

Wireless Video Transmission System

Item Model: TP Mini

Instruction Manual

Shenzhen ZO Video Technology Co., Ltd.

01/Features

Transmit Range

Built-in Antenna

Latency

Ultra-low-Power

Multiple Power Supply

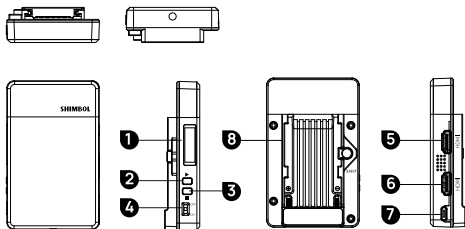

LED Display
Status Light

02/Packing list

- 1** Transmitter*1
- 2** Receiver*1
- 3** User Manual*1
- 4** USB Power Cable*1
- 5** Sticker*2

03/Product Description

- 1** LED Display Status Light
- 2** Electric Quantity Button
- 3** Pairing Button
- 4** Power Switch
- 5** HDMI Output(TX/RX)
- 6** HDMI Input(TX)/Output(RX)
- 7** USB Port
- 8** Battery Plate

A Press the 2 button to check the battery level, 4 green lights indicate the battery level. When connected to USB, the green light is on.

B The pairing button is production mode, and the client does not need to pair.

04/Technical Parameters

	Transmitter	Receiver
Interface	HDMI Input/HDMI Output	HDMI Output*2
Power Supply Method	USB 5V / NP-F Battery	USB 5V / NP-F Battery
Power Consumption	< 2.5W	< 2W
HDMI Input	720P@50/60Hz 1080I@50/60Hz 1080P@24/25/30/50/60Hz	/
HDMI Output	720P@50/60Hz 1080I@50/60Hz 1080P@24/25/30/50/60Hz	720P@50/60Hz 1080P@24/25/30/50/60Hz
Weight	113g	113g
Size	103*63.5*16mm	103*63.5*16mm
Transmission Frequency Band	5GHz	5GHz
Transmit Power	17dBm	17dBm
Transmission Delay	80ms	80ms
Receiving Sensitivity	-85dBm	-85dBm
