Turn your smartphone
into a smart telescope

vaonis
SHARE YOUR UNIVERSE

More than \$4M raised with our Kickstarter campaign.

In 30 days, Hestia convinced 13 983 backers and reached \$4 129 095 making this project one of the most funded on the platform.

A few weeks later, Hestia received a 2024 CES Innovation award.

Meet Hestia, the first-ever smartphone-based telescope.

EASY TO USE — ULTRA LIGHT — AFFORDABLE

Hestia is the telescope you always wanted but didn't exist... until now. Designed to bring the wonders of the Cosmos within everyone's reach.

Harnessing the power of your smartphone and our cutting-edge technology, Hestia enables you to capture the brilliance of the Sun, the enchanting beauty of the Moon, and the captivating depths of the Universe — without complex setups or extensive knowledge of astronomy. Simply place your smartphone on Hestia's ocular, align the device with the celestial object of your choice, let yourself be guided by our super user-friendly app, and unlock a whole new world of exploration.

Smartphone with Hestia

And get closer to the Cosmos.

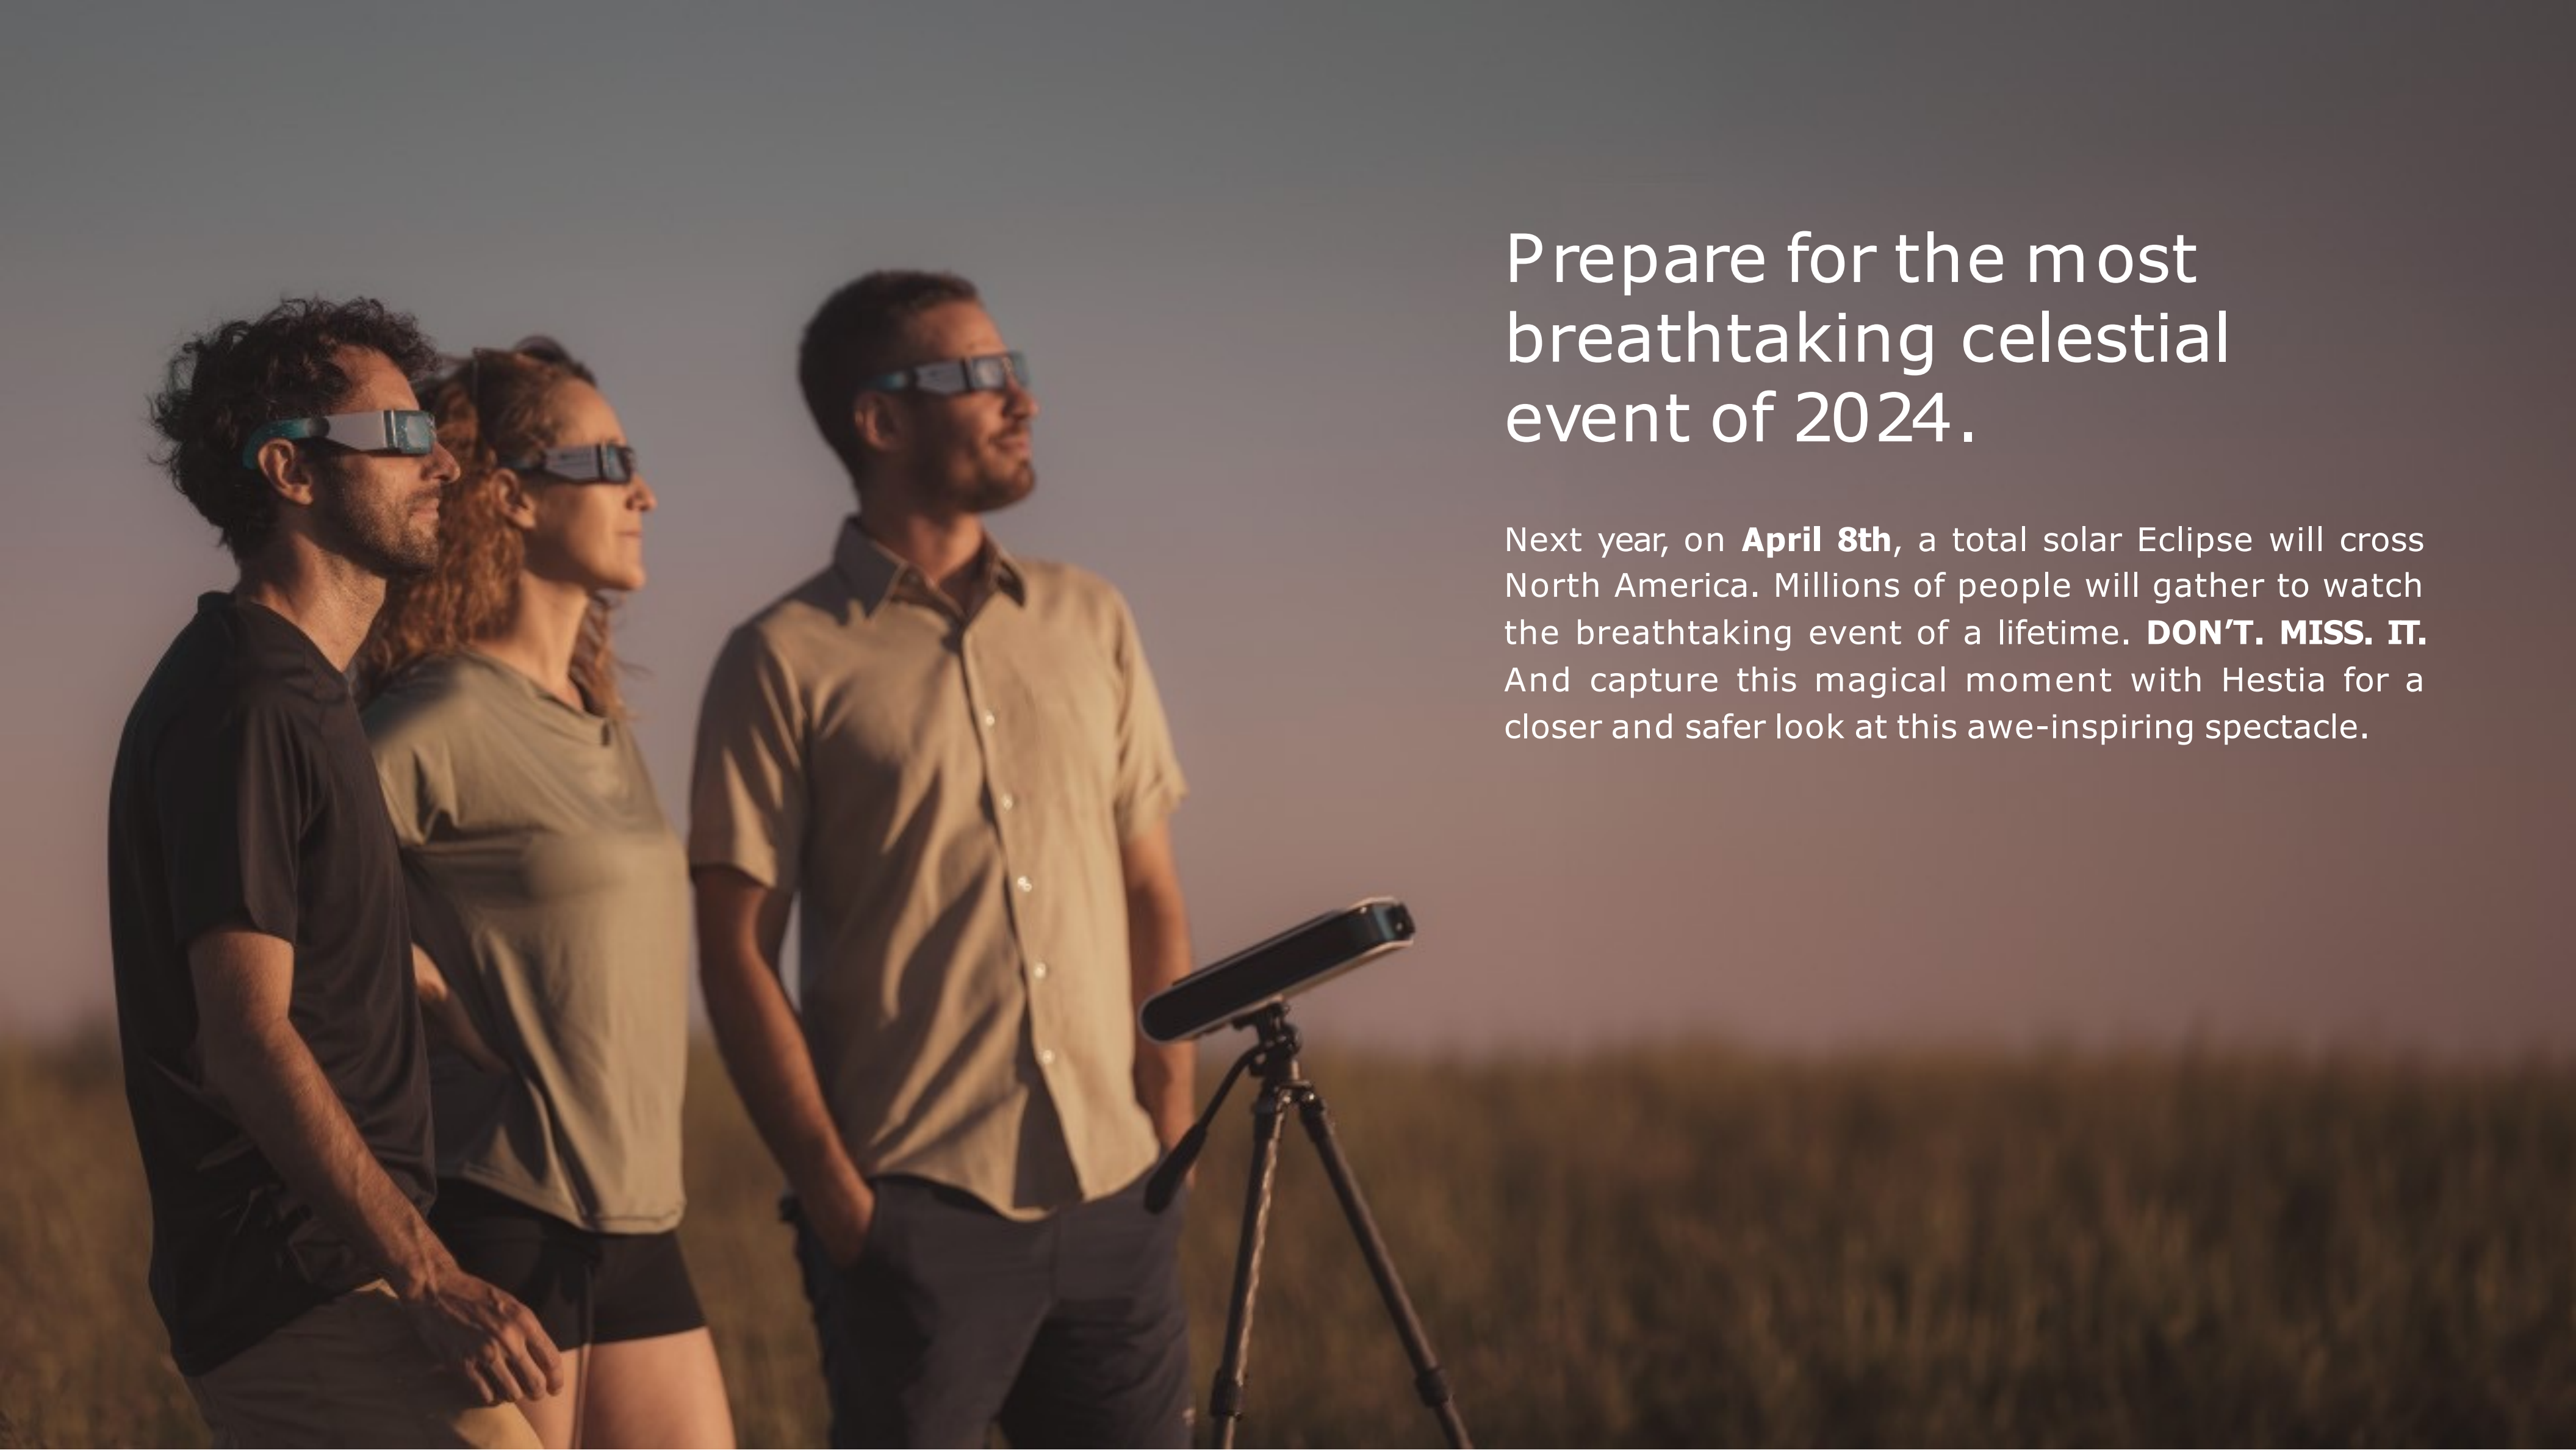

The Moon

SHOT WITH AN IPHONE 14 PRO

The Moon

SHOT WITH AN IPHONE 14 PRO WITH HESTIA

A photograph of three people (two men and one woman) standing in a field, looking towards the sky. They are all wearing blue-tinted solar viewing glasses. In the foreground, a telescope is mounted on a tripod. The background is a soft, hazy landscape under a clear sky.

Prepare for the most
breathtaking celestial
event of 2024.

Next year, on **April 8th**, a total solar Eclipse will cross North America. Millions of people will gather to watch the breathtaking event of a lifetime. **DON'T. MISS. IT.** And capture this magical moment with Hestia for a closer and safer look at this awe-inspiring spectacle.

APPLICATIONS

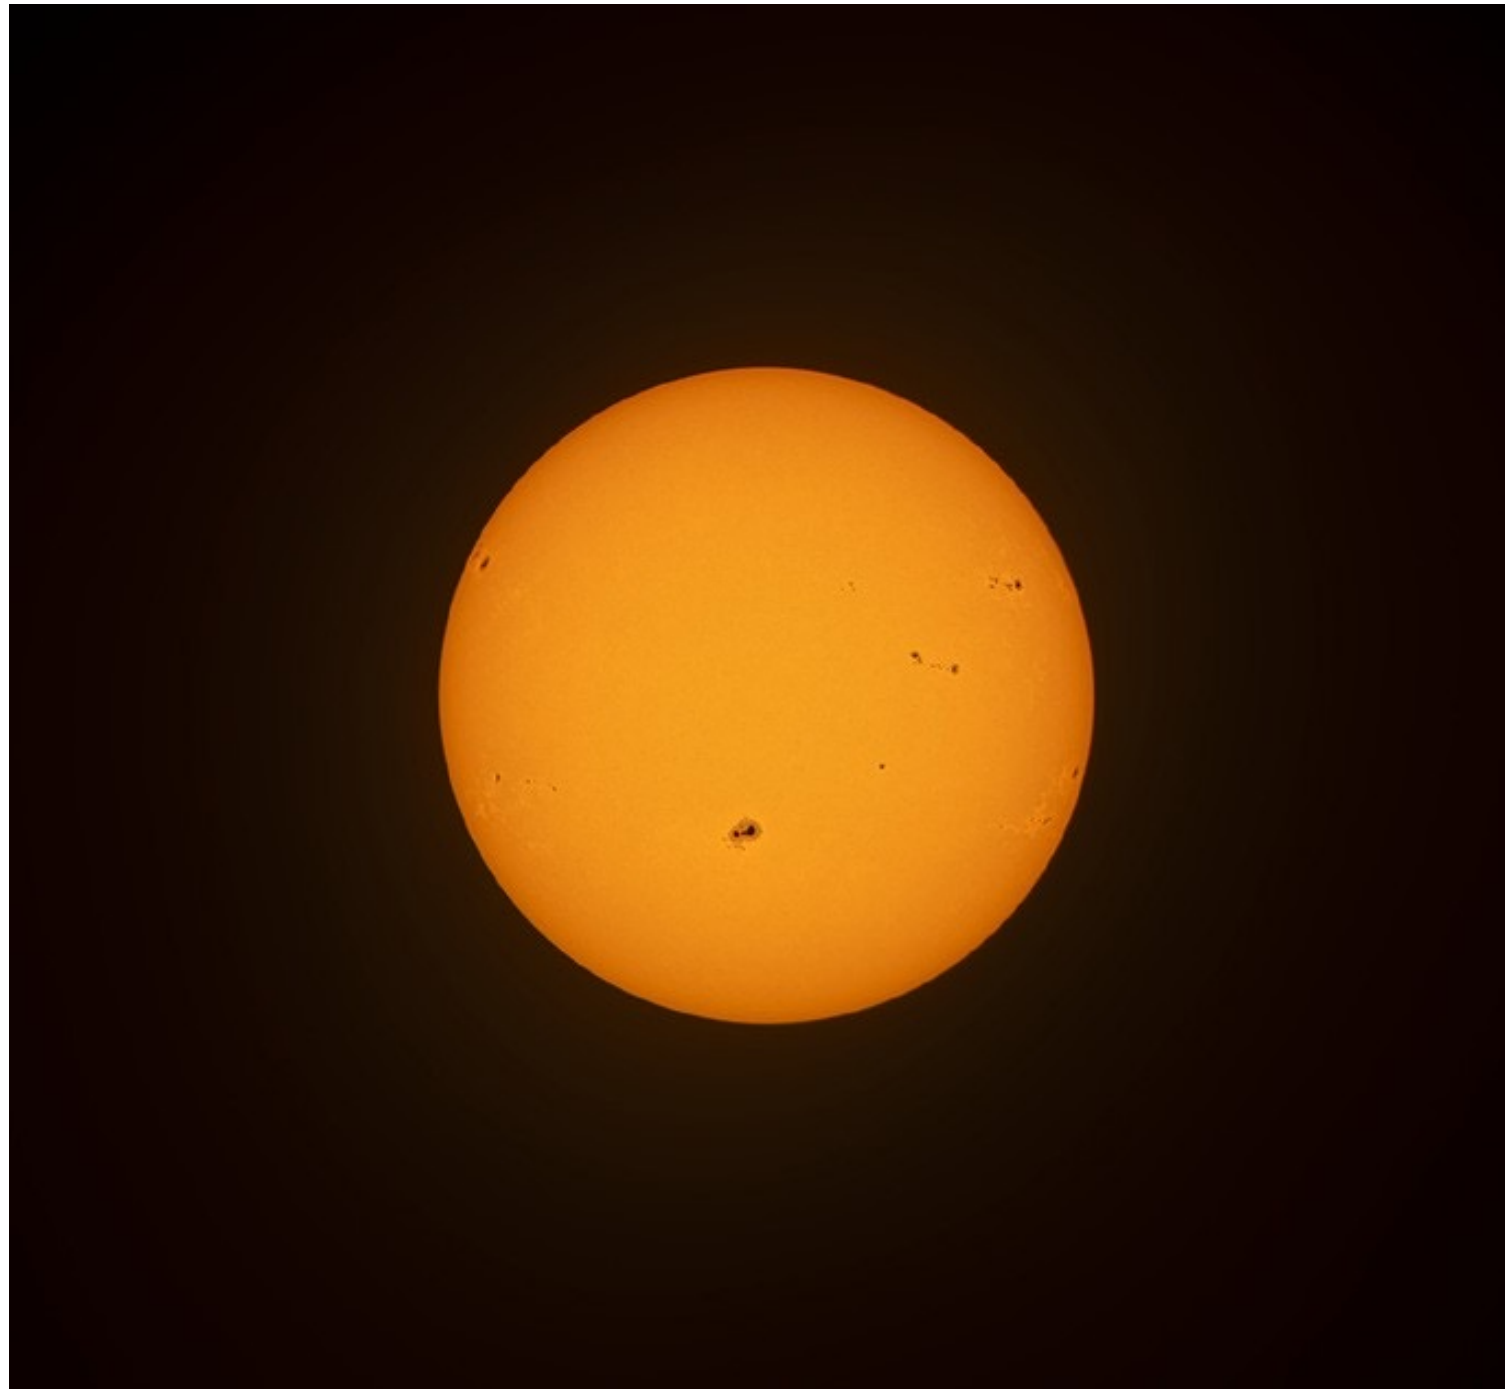

Seize the Day and the Night.

Hestia is made for every target and moment. Enjoy the treasures of the Sky whenever and wherever you want.

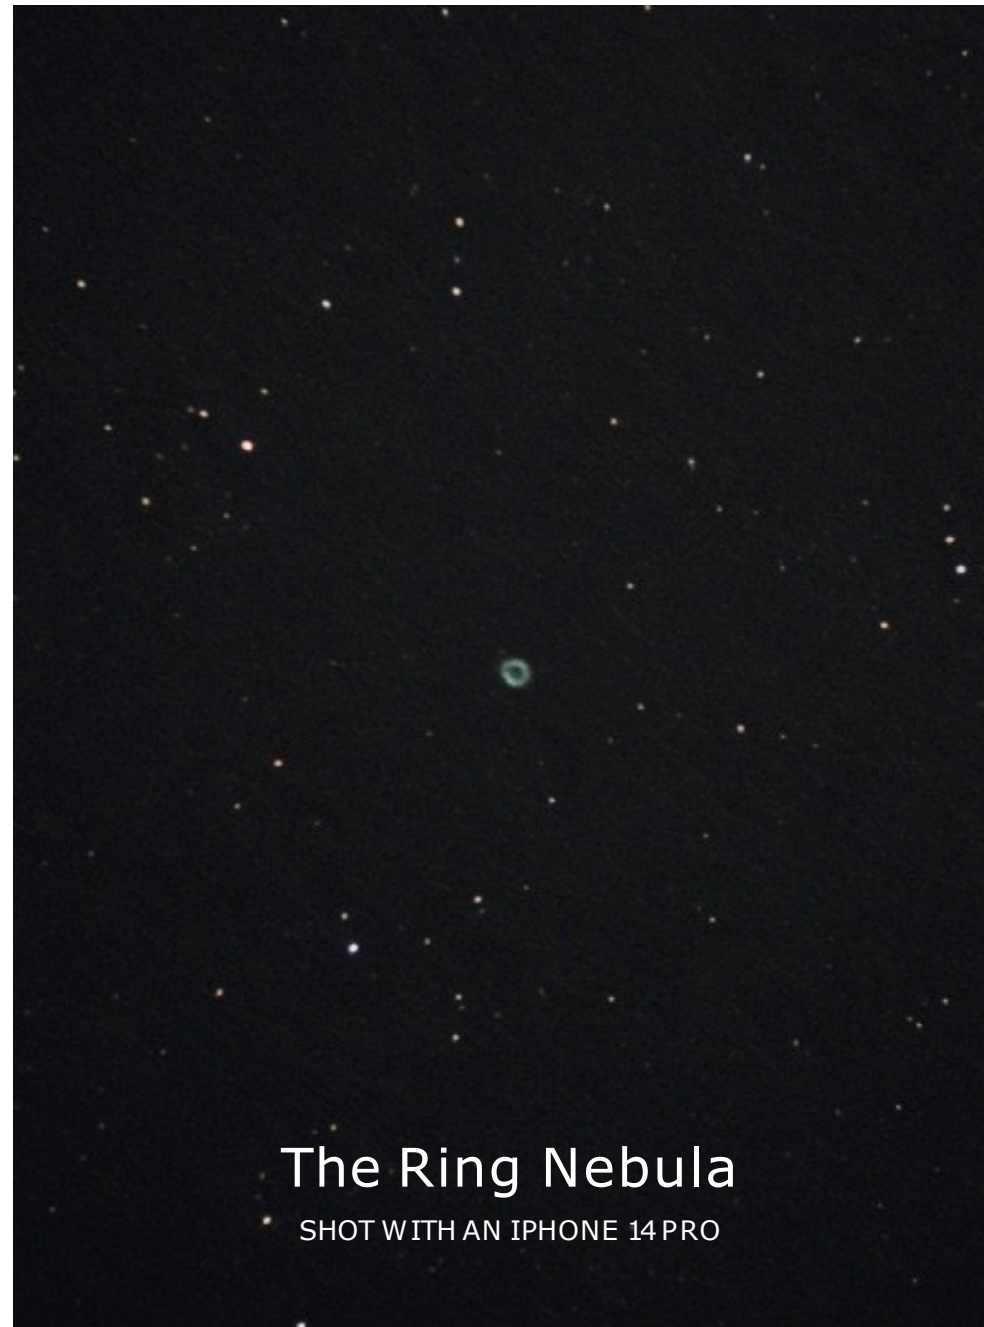

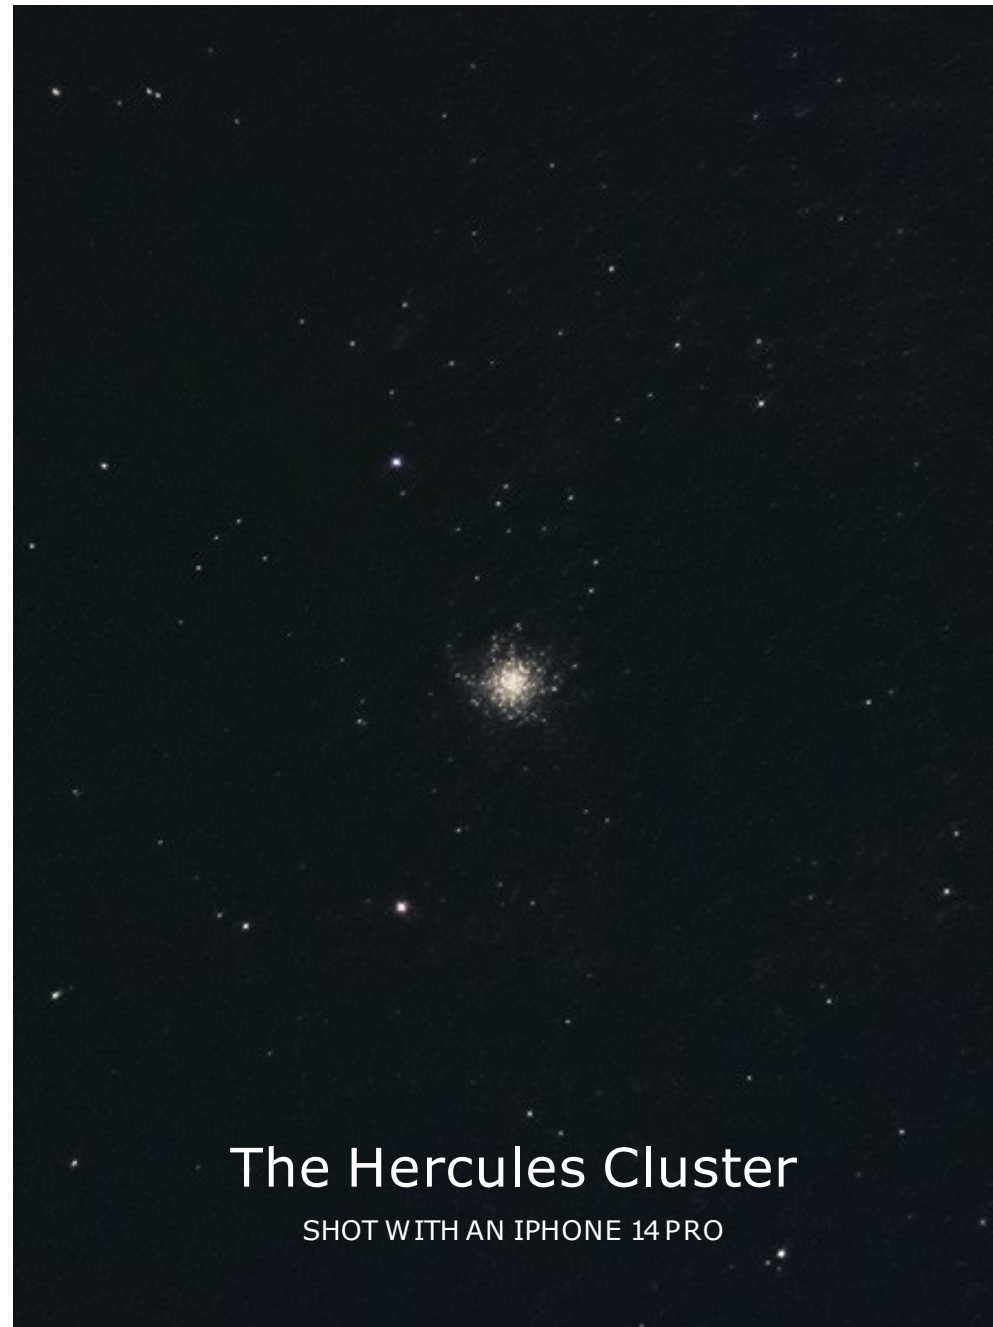

SHOTS CAPTURED WITH HESTIA

Capture the Sun and Moon.

SHOTS CAPTURED WITH HESTIA

And make your first steps
into the vastness of Space.

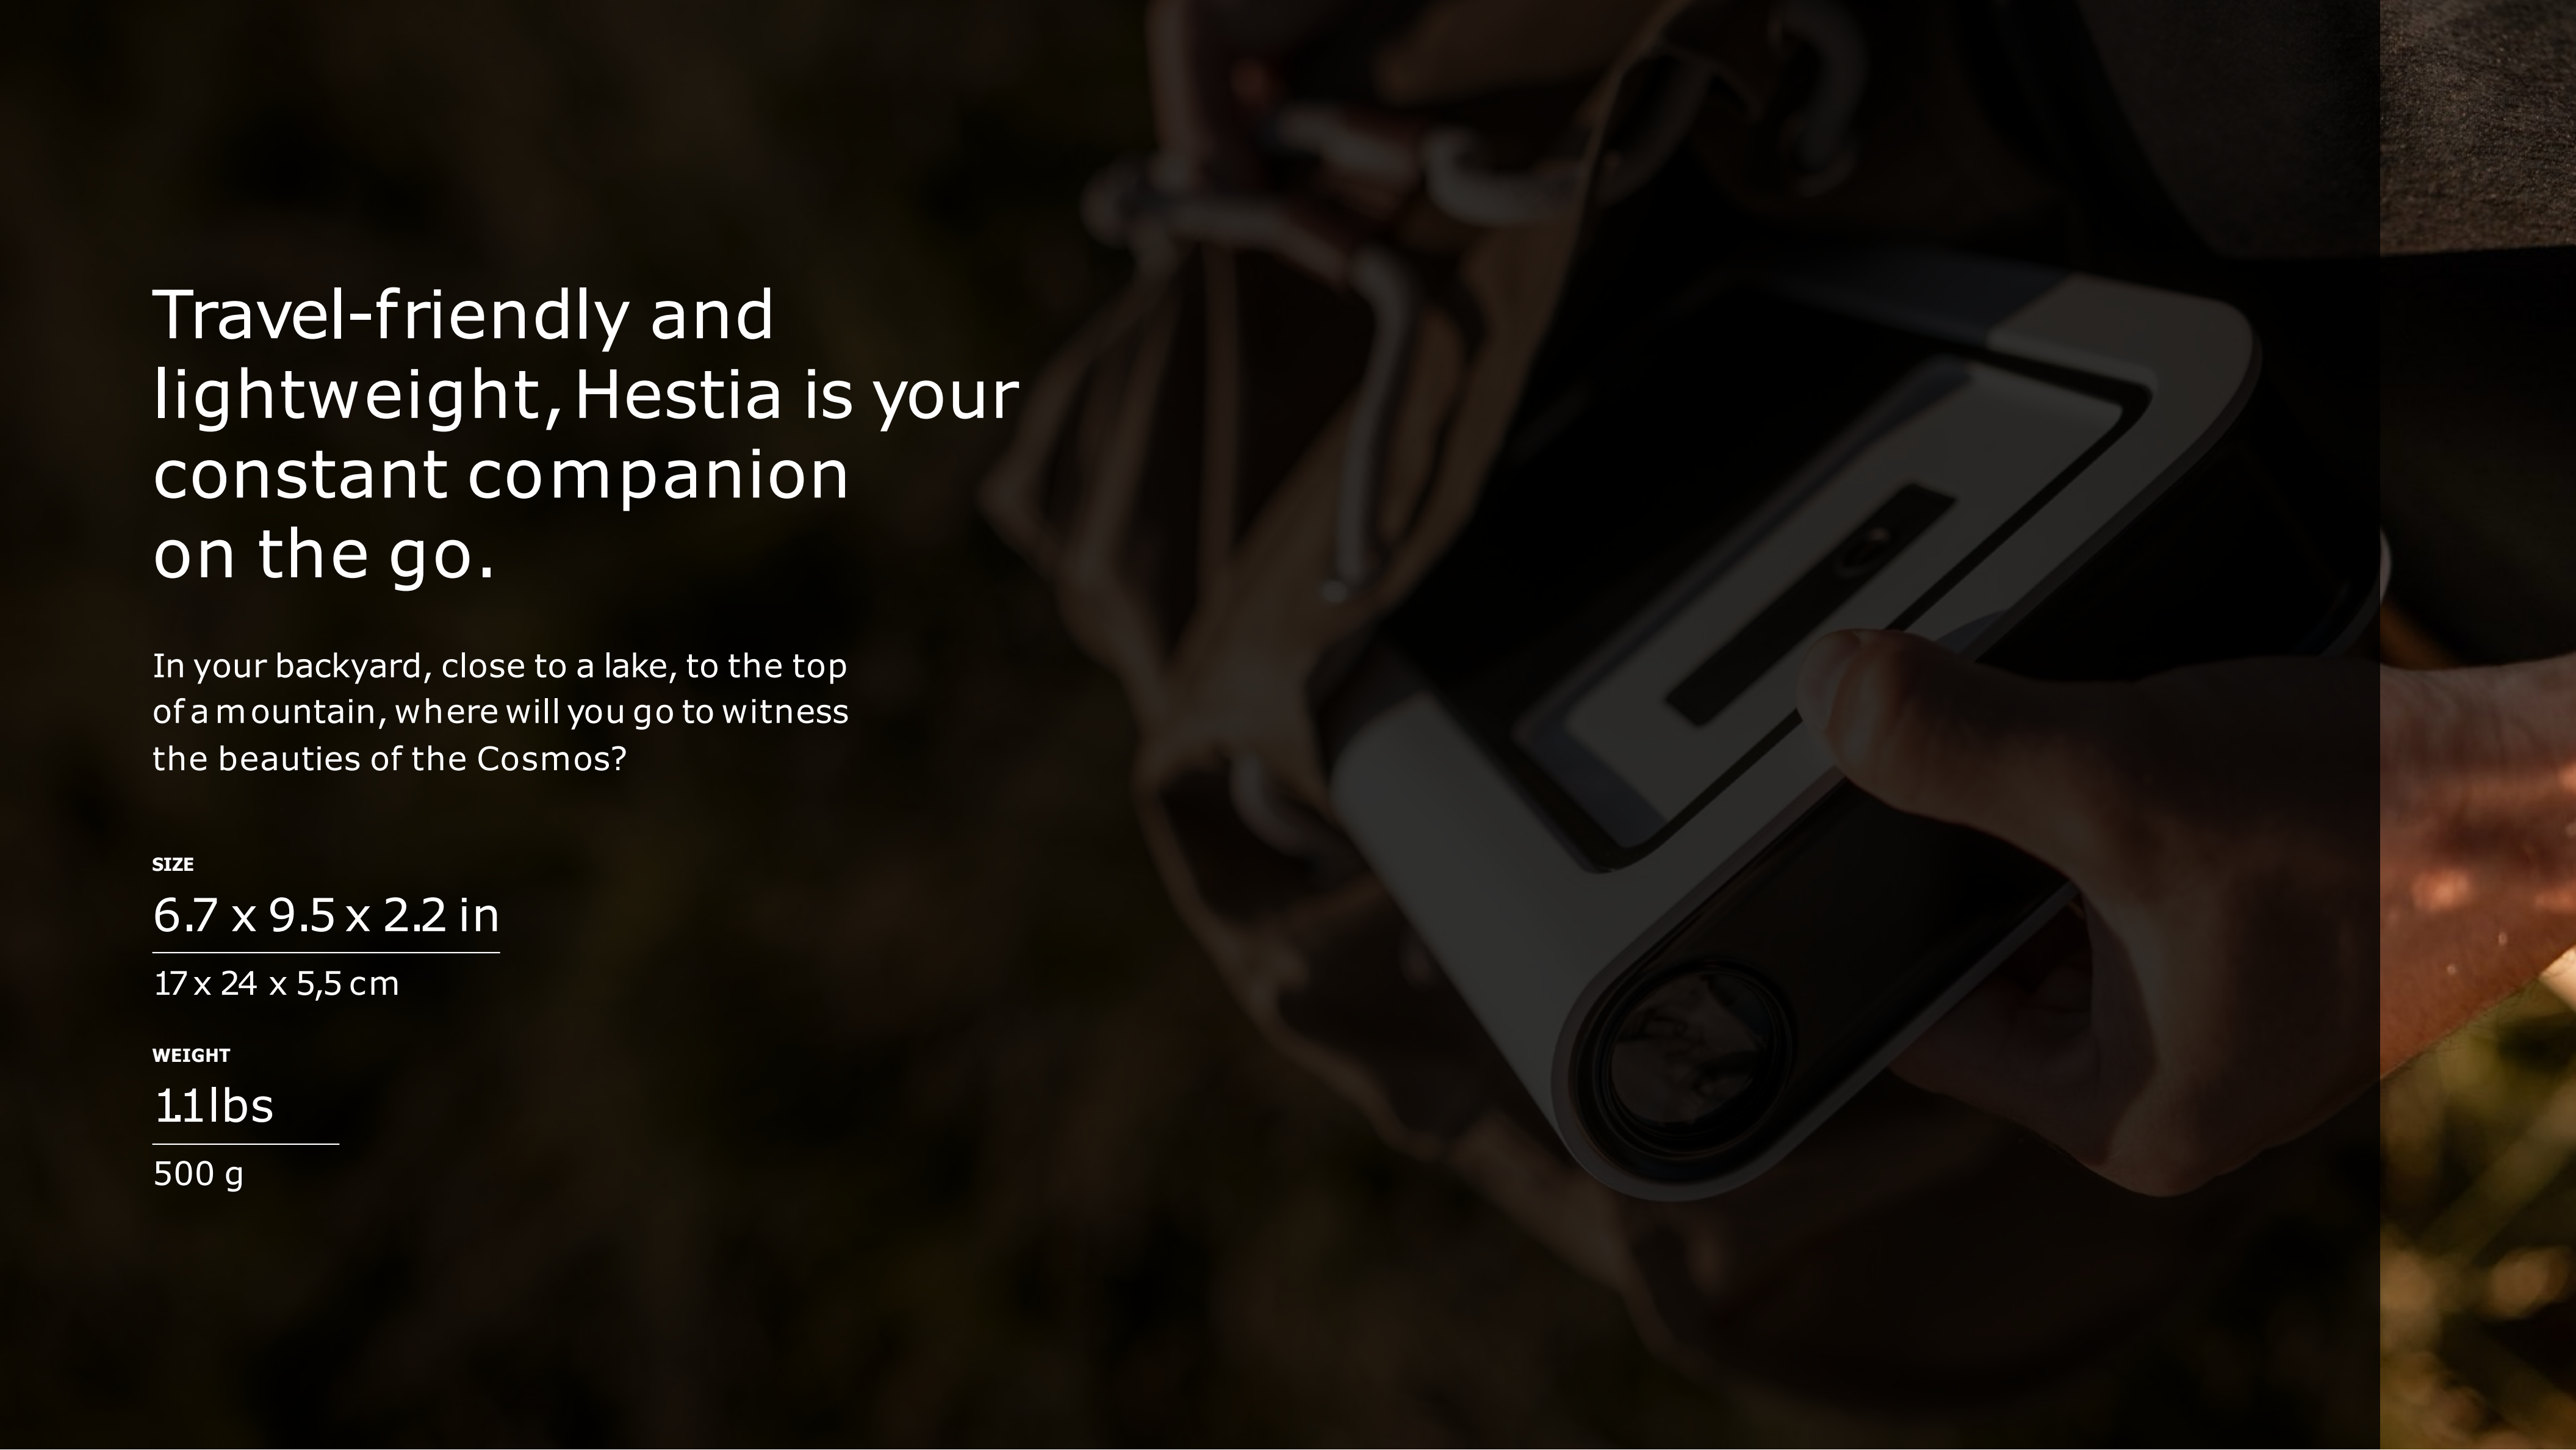

Future-proof.

Thanks to a system of removable magnets, Hestia accommodates all sizes of current and future smartphones.

Hestia will only get better and better over time.

Travel-friendly and
lightweight, Hestia is your
constant companion
on the go.

In your backyard, close to a lake, to the top
of a mountain, where will you go to witness
the beauties of the Cosmos?
